

Mission and Vision Statement

Holy Cross School is a faith-centered community fostering lives of service, integrity, and life-long learning. We are committed to Catholic education founded on Gospel centered values and the teachings and traditions of the Catholic Church.

We believe Holy Cross School is a faith-centered community carrying on the Catholic tradition begun in the home. We believe Christ is at the center of all we do within our classroom, within our curriculum, within our community, and within our school families.

We believe that lifelong service is a cornerstone of our Christian faith, which implements the teachings of Christ and benefits society as a whole. We are all called to be “persons for others.”

We believe the school life we share will foster integrity in our students’ academic, social, and spiritual lives, enabling them to become productive members of society and to be persons of character and substance.

We believe our role is to prepare our students to meet life’s challenges by being intellectually curious, seeking knowledge in order to answer the problems life will present, and developing a work ethic to reach their full potential.
